

IFP Email Updates Sent to the Taxpayer

Two email updates from confirmation@valuepaymentsystems.com are sent to the taxpayer's email address:

- One update is sent immediately after the transaction, confirming that payment is authorized and will post when the filing is accepted.
- The second update is sent when the return is accepted or rejected. If it is rejected, the message states that the taxpayer's card will not be charged.

Examples of messages are shown below.
